Friday, November 6

Afternoon Fun for Secondary

Lunch provided and fun activities

Our Form Five students are taking their exams now. Before they left school, they each gave a speech about what TLCS has meant to them.

Their speeches will be included in the newsletters in the coming weeks.

Good afternoon, teachers, members of staff and fellow students. As you may know, my name is Sharon and I have been schooling at The Learning Centre School since 2008. During these two years, I have met a lot of good people whose band of friendship, I would like to keep in the years to come. I have also met a wonderful set of teachers who have not only prepared me for IGCSE but for the world at large.

Thank you teachers for all you have taught me. I would also like to thank Mr. and Mrs. Workman for helping me enhance my spiritual being through chapel and Bible lessons. Thank you all for having been a part of my life. You have all affected my life in some way, although some more than others.

Thank you...

Sharon Phiri

Good afternoon teachers and students. I can't believe this day is finally here. I have waited ever since the beginning of the year. Now it has finally arrived.

I would like to thank a couple of people who have made this day possible. Thank you to all the teachers who have taught me. Thank you for your patience, thank you for your supervision. I would also like to thank Mr. and Mrs. Workman for helping me with a lot of things.

I just want to tell all the students, grab every chance you have to get as much information as you can from these teachers. I promise that you will learn a lot from them.

Kaicen Xu
