TLCS Pre-School has limited number of spaces left

K-3 is full – new applicants will be placed on a waiting list

K-4 - 8 spaces left

K-5 - 3 spaces left

When these spaces are filled – students will be placed on a waiting list.

Primary classes are also filling – please preregister so your child does not lose their space.

Lost and Found

We found a small coin purse in one of the toilets. If your child has lost it, please identify it and it can be claimed at the front desk.

Speech from Muyiwa Adekanmi Form 5

My fellow teachers, students and visitors in our school, I greet you all in the mighty name of Jesus. As you all know, my time has come to leave this school. I am very sad, yet extremely happy to leave as this school has taught me a lot. Right now, I would just like to thank Mrs. Workman, Mrs. Prasad as well as all my teachers, for bringing me this far and preparing me for my examinations. I would also like to thank almighty God for bringing me this far and guiding me throughout my whole stay in this school. I would like to thank all the cleaners for keeping the school neat and intact.

May God bless all of you and keep you safe in Jesus name. Thank you.

Research now indicates that for every hour of television children watch each day, their risk of developing attention-related problems later increases by ten percent. For example, if a child watches three hours of television each day, the child would be thirty percent more likely to develop attention deficit disorder.

D. Christakis, Pediatrics, April 2004

Studies have also correlated the average amount of television watched (by children of all ages) to increased obesity, lower reading levels, and lack of social development. As they develop into teens, television provides a warped sense of reality that leads to all sorts of physical and emotional challenges and pressures.
