

CHARACTER COUNTS!

For
parents TOOL

Parents must be the people they want their children to be. We parents and teachers need to understand that we cannot be in front of a television set and command our kids to go to their rooms and read. One of the best things parents can do is to have dinner with their kids at night without television. Simple conversations have a significant impact on a child's performance the following day at school

Raising a child is every day -- a marathon and not a sprint. But if we plant seeds and consistently nurture them, parents and teachers can courageously encourage our kids not to buy into a culture that is often detrimental to a child's development.

Uniform

Track suits are now available to purchase from our uniform. Track suits may be worn by primary students during second term.
