CHANNEL OF COMMUNICATION AT TLCS

ALL financial questions are directed to Mrs. Judith Chitongwa in the bursar's office.

Mrs. Pitso is available for general questions regarding our school – Front Desk

For all other inquiries the channel of communication is as follows:

- Class teacher
- HOD – class teacher
- Meeting involving HOD, Class teacher and Mrs. Workman

Everyone received a student handbook upon registration at TLCS. Those rules are expected to be conformed to at all times.

Our office staff and teaching staff works hard on your behalf. We are human and occasionally mistakes are made. Please speak to them with the voice of kindness.

Rudeness to TLCS staff is not accepted either by parent or student.

PICK UP!

I have been informed that some parents are sending their children home with other parents. In one case this year, we had an incident where we were given incorrect information and the child was sent home prematurely with someone else. Please follow the guidelines as outlined in the Student Handbook.

“A student released to a person other than custodial parent or guardian must have written permission to the teacher (hand delivered) AND a phone call of permission given to the administration office. In the event that parents are traveling without their child(ren) parents must notify the school of adult caretakers who will be responsible for their children. Names and phone numbers should be included in the notification.”

I have also informed the HOD's and teachers to be sure they are very careful in this area.

No student may leave campus at any time during the day without clearance from the HOD.
